#### IV. 2012 Single Family Program—Action

#### 1. The current program guidelines:

- 1<sup>st</sup> mortgage: 3.875%, 1% origination fee, FHA, VA, RD and Freddie Mac loans
- First time homebuyers
- 640 minimum credit score Down payment assistance: \$15,000
- Mortgage Credit Certificates providing homebuyers a credit in the amount of 50% of mortgage interest paid annually (up to a \$2,000 annually).
- Sales price limit of \$225,000
- 2. **Rate Change**: The interest rate was decreased from 4.25% to 3.875% in February 2016.
- 3. **DPA Change**: The DPA amount was increased to \$15,000, effective July 1, 2016.
- 4. **MBS Sales**: The HFA has executed 83 sales, with net revenues of \$1,568,768 (net meaning after payments to RBC and counsel).
- 5. **Hedges & Exposure**: The HFA (changes daily).

## 6. Summary of 2012 DPA Funding:

- The County funded \$1.1 million of DPA with SHIP funds. Another \$1 million is available for loans funded after February 1, 2016, with \$867,500 funded. The County indicated another \$1 million of funding is anticipated.
- The Federal Home Loan Bank of Atlanta is launching a \$3 million program which will fund \$1 of DPA for every \$2 funded by the HFA. The FHLB loan would be subordinate and forgivable. However, the lender must be a member of FHLB Atlanta. New lenders have signed up for the program and are being trained. Two of those lenders offer only conventional loans, and have requested HFA approval of their participation on that basis. While we believe Board action is not required for this approval, the Board's ratification of this approval is requested.
- The FHFC DPA Program is now available. It provides \$15,000 (forgivable loan). The final MOU is being reviewed by counsel and the financial team prior to execution. This program requires a new Program Administration Agreement with eHousing.

| Total HFA Funded   | \$ 741,240  |
| TOTAL DPA LOANS  | \$4,059,571 |

- 7. MCC's: Between 2012 and 2015 the HFA converted \$260 million of bond authority into \$65 million of MCC's. Tranche 1 (\$2.5 million—\$2,496,213.50 used) and Tranche 2 (\$12.5 million—\$12,499,498 used) have been fully utilized. Tranche 3 (\$25 million) expired at the end of 2016—and eHousing inadvertently booked no MCC's against this program. Tranche 4 (\$25 million) expires at the end 2017 with \$11,487,116 utilized. The Board authorized bond counsel to publish a notice to covert \$123,225,804 of bond allocation to MCC's.
- 8. MCC Program: What Does it Mean to Home Buyer: With the HFA's average loan of \$141,000 and a 3.875%/30 year mortgage, interest payments in Year 1 = \$5,419. With the 50% MCC rate that the HFA has chosen, the homebuyer would be able to claim a tax credit of the federal maximum of \$2,000 each year (slightly declining after Year 7 as more of monthly payment is principal) until the home buyers sells or moves from the property. The MCC lowers net payments (monthly payments \$2,000) to a level equivalent to a 1.6% mortgage rate.

- 9. **Size of Program:** The program is limited to \$3.5 million of loans (not sold, hedged, or from another county) at any given time. \$53.77 million of loans have been originated to date.

- 11. **Lender originations**: UAMC (150), DHI (108), Open Mortgage (51), Wells Fargo (25), REMN/Homebridge (27), Fairway (5), Annie Mac (4), Stonegate (2), Prime (1), & Shelter (1).
- 12. **Counties:** Hillsborough, Clay, Brevard and Jacksonville. Pinellas HFA (including Pasco and Polk Counties) was invited to join the program, and is moving to take that step.
- 13. Sale Price Proposed Change: Helen Feinberg recommends increasing the sale price limit to \$250,000—which is still below the federal limit and the current FHFC limit. Borrowers buying homes between \$225,000 and \$250,000 are forced to use the higher rate FHFC program. Helen's comments:

**Strong Demand for New Construction Homes:** There has been a strong demand from home buyers for new construction homes. This is likely in part because it remains difficult for first time home buyers to compete for lower priced existing homes.

Average Cost of Affordable New Construction Homes: While a lot of Hillsborough HFA's pipeline has been new construction homes, there may be home buyers who are missing opportunities to participate in the Hillsborough program. Shaun Owens, Division Manager of UAMC, reported that their average sales price in Hillsborough County is \$237,000. Therefore it would be helpful if the HFA would raise the new construction limit to \$250,000. The income limits for the program will ultimately dictate the maximum purchase price a family can afford.

**IRS Revised 2017 Purchase Price Limits:** The Internal Revenue Service (IRS) last week released Revenue Procedure 2017-27, which establishes the nationwide average purchase price limits and average area purchase price safe harbors for the Mortgage Revenue Bond (MRB) and Mortgage Credit Certificate (MCC) programs. The 2017 nationwide average purchase price was \$282,010 for a one unit dwelling. This translates to a new maximum purchase limit of **\$253,809**. The current maximum purchase price limit for the Florida Housing program is \$255,573 and \$312,368 for homes in federally designated targeted areas.

#### 14. **Recommendations:**

- Ratify approval of Center State Bank originating only conventional and RD loans
- Ratify approval of Atlantic Coast Bank to only originate conventional loans until such time as FHA and VA approved underwriters are on staff
- Approve increase in sales price limit to \$250,000
- Approve Program Administration Agreement with eHousing (FHFC DPA Program)

# VI. FHFC Housing Credit RFA & Local Government Preference—Informational

- 1. FHFC's scoring process for 9% Housing Credits offers the option to large counties and their cities to provide a higher level of local government financial support to one deal, which would then receive points not available to other applicants. Effectively, the deal chosen by the local government would "win" the HC, if they turned in an application that otherwise met threshold.
- 2. To give the preference, the local government has to contribute a significantly higher amount of funds to the development. The contribution measurement is cash into the deal, not the NPV of the cash. Therefore, a loan is valued at its face amount, rather than an NPV of the savings. For this year, the following are the required loan amounts (Preserve at Sabal Park amount highlighted:

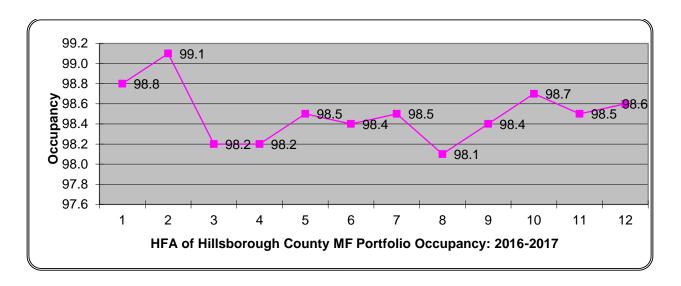

| Minimum Local Government Area of Opportunity Funding Amounts |  |  |  |  |  |  |  |
|--|--|--|--|--|--|--|--|
| Total Amount of Loan(s)/Grant(s)                             |  |  |  |  |  |  |  |

|  |  |  |  |  |  |  |  |

- 3. Hillsborough County requested the HFA to issue a NOFA and select a development to receive the local government preference. In December, the HFA selected the Preserve at Sabal Park development to receive the funding required for the preference points. Three other developments were offered funding from the County for the lower point level—allowing them to serve as "back-up" applications (one accepted). The City of Tampa selected the Boulevard at West River development as their preference development. If both applications meet threshold, a lottery will determine which receives the Housing Credits.
- 4. Five applications were submitted to FHFC—the two local priority developments, one of the backups selected by the HFA/County, and two additional applications for new construction deals located within the City of Tampa. Of the two priority deals, the Boulevard at West River has the lower lottery number.
- 5. After legal challenges were resolved (with FHFC prevailing), scoring began. Initial scoring/threshold determination is expected by late April.
- 6. **Recommendation:** None.

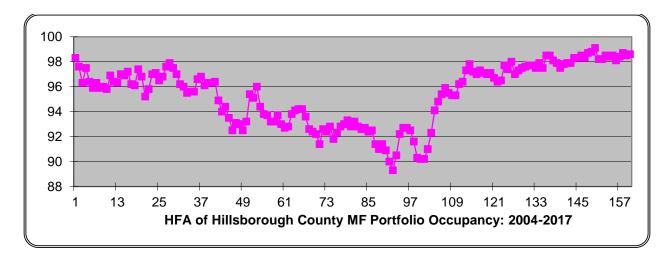

#### VII. Status of Rental Developments Financed by the HFA—Informational
